WESTBOROUGH — Kenneth Sanginario, principal of NorthStar Management Partners in Westborough, was recently named Board President of Solutions at Work, a non-profit organization based in Cambridge that's mission is to break the cycle of poverty and homelessness by giving individuals the tools to become permanently self-reliant. Sanginario replaces past President Alice Kidder, who will continue as a director after serving the organization as president for the past 12 years.

Sanginario has been a board member since early 2011 and, since then, has helped to strengthen the organization in a variety of areas including strategic planning, corporate outreach and board development. He plans to continue to focus the organization on expanding its programs and its impact on eliminating homelessness.

"I am very honored to be able to expand my involvement with such a worthy organization," said Sanginario. "Solutions at Work helps thousands of children and adults each year to regain stability in their lives, and it is extremely gratifying to be part of that effort."

Solutions at Work serves approximately 6,000 people annually who are living in poverty in eastern Massachusetts and southern New Hampshire. The agency works to help homeless people achieve self-sufficiency through unique programs that include a Children's Clothing Exchange, low-cost moving services, assistance with business attire, and computer donation center.
